

# SYSTEMS CONSTELLATION WORKSHOP

*"Suddenly, all of my ancestors are behind me. Be still they say. Watch and listen, you are the result of the love of thousands."*

- Linda Hogan/Chickasaw Indian Poet

There is a story behind the story of each of our lives. In this workshop, artist, filmmaker & professional facilitator Jadina Lilien will direct us on a **Me-connected-to-We approach to creativity and change**. Some of our greatest difficulties (addictions, depression, anger...) are unconsciously part of our hidden love/loyalty to someone in our lives & families, going back even hundreds of years. Through this careful & nonjudgmental work, we can gently pull these dynamics out of shadow and into awareness. The work is done in a group setting, in a space that is both sacred and timeless. **Open to artists, psychology & counseling professionals as well as the general public. For questions please email [bonnienadzam@gmail.com](mailto:bonnienadzam@gmail.com).** Pre-registration requested by Friday, June 16:

*"It is part of a family tree. We are continuously living the ancestral life, reaching back for centuries, we are satisfying the appetites of unknown ancestors, nursing instincts which we think are our own, but which are quite incompatible with our character; we are not living our own lives, we are paying the debts of our forefathers." - Carl Jung*

**\$100 for the full day, includes a vegetarian lunch; free for Native Americans**
